Bullseye Gunbox Card For Jr. Shooters Ver.2— please email comments, suggestions to mgsoklaski@aol.com
Special thanks to the Coaching Staff of the CJRPC Junior Bullseye League.

4 Laws of GUN SAFETY

1. ALWAYS ASSUME THE GUN IS LOADED
2. Always Keep the Gun Pointed in a Safe Direction
3. Keep Your Finger Off The Trigger Until Your Sights Are On The Target
4. Keep the Gun Unloaded until Ready to Use

"Maintaining the sight picture while SQUEEZING the trigger is the secret of successful shooting" - Ron Steinbrecher

"Speed is Fine but Accuracy is Final. You must learn to be slow in a hurry." - Wyatt Earp

ALIBI—gun jams or fails to fire
SQUIB LOAD - Lack of force to push bullet through the barrel
MISFIRE - failure of the cartridge to fire after the primer has been struck by the firing pin
HANGFIRE - unexpected delay in ignition of a cartridge after primer has been struck by the firing pin
